The men gathered to listen to the report of the Fifteenth International Railroad Conferences of the Y. M. C. A., held at Richmond last week. W. H. P. Mr. Kelley designated the conference as the most wonderful meeting of any kind that he had ever attended and expressed the wish that every man in the shop might have been there.

As chairman of the Y. M. C. A., committee to select the delegate Mr. Kelley was asked to complete the organization of a committee to continue the work at the shops. R. L. These men will rapidly perfect a complete organization of the railroad branch of the local Y. M. C. A., and it is understood that the same is to be done at the Potomac yards also.

EPISCOPAL PREACHING MISSIONS

Starting on Sunday, November 28, and continuing until December 12 preaching missions will be conducted in Episcopal Churches throughout the Diocese of Virginia as a closing feature of the Nation-Wide Campaign.

In addition to the financial part of the movement, every effort is being made to arouse greater spiritual interest in the church. Last year there was a remarkable revival of spiritual interest on the part of the laity, and in view of the awakening at that time, especially among men, emphasis this year is being laid on this feature.

Rt .Rev. William Cabell Brown, D. D., Bishop of the Diocese of Virginia, has expressed his deep gratification at the results achieved to date. Leaders of the campaign have assured him that still greater benefits will come from the undertaking this year.

Wherever possible, visiting clergymen will conduct the preaching mission. Messages which will ring from the pulpits of Virginia churches are expected to produce a high degree of attention from laity and clergy alike.

Burgundy

To be Subdivided Into Small Tracts.

The well known Burgundy farm lying just beyond Duke street extended will soon be transformed into a community of its own through efforts of the real estate firm of E. E. Carver and Company and the Bowman Land Company of Charleston W. Va.

This farm comprising about 270 acres contains everything necessary for a division of this kind, having beautiful knolls, exceptionally well adopted for bungalow sites, where any one can with very little outlay have a typical summer hour among the wilds of the country, yet only a few minutes to the city.

The chicken fan can have his flock the city farmer his truck patch and cows and any one wishing to operate on a longer scale can have his baby farm.

The citizens of Alexandria and elsewhere now have an opportunity to combine their city and country life in the most convenient way, which opportunity has been afforded them through the subdivision of Burgundy.

Hear Hon. F. D. Middleton speak and James A. MacElwee sing at the men's meeting at the Richmond tomorrow afternoon at 3 o'clock Admission free. 283-1c

BURGLARS FIX THE FIRE

York, Pa., Nov. 27.—Burglars who ransacked the home of William A. Allen, a York lawyer, last night, were so considerate as to replenish the furnace fire which had nearly burned out.

Allen discovered the robbery when he hurried home to fix the fire, and found that somebody had tossed several shovels full of coal on it. The pay the burglars took for this service, in Liberty Bonds, cash and silver made the job expensive, even for this day of high cost of labor.

Arrest Sinn Fein Head

British Police Take Griffith From Bed in Night—Breaking Into His Dwelling

Dublin, Nov. 27.—Arthur Griffith, founder of the Sinn Fein organization; Professor John MacNeill, Sinn Fein member of Parliament for Londonderry City and the National University of Ireland, together with a number of others, including Professor MacNeill's son, were arrested yesterday by the auxiliary police.

Mr. Griffith was to have addressed a meeting of the Irish Self-Determination League at Manchester next Sunday.

A statement issued from Dublin Castle, the seat of the Government, with regard to the Griffith arrest read: "Arthur Griffith was arrested at his residence in St. Lawrence road at 2 a. m. A large quantity of literature was taken from his house. No arms were found. He was in bed at the time, and was taken away in a motor lorry. He made no statement. His arrest was effected without trouble.

Among those arrested this morning were Joseph McBride and E. J. Duggan, Sinn Fein members of Parliament, respectively, for the West Division of County Mayo and the South Division of Dublin.

The news of the arrest of Griffith and Professor MacNeill caused a great sensation among the Dublin population.

In speaking of the raid on the house and her husband's arrest, Mrs. Griffith said:

"The reason why both Arthur and Professor MacNeill are being taken away is that no moderate leaders will be left to guide the young men, and the British Government may think they will come out. It has been trying to force them out in order to massacre them."

"I jumped to the window of our upstairs bedroom and called out," she continued. "The seven men comprising the party pointed revolvers at me, shouting: "Come down at once."

"I turned and called to Arthur, 'Here they come; jump,' and then slipped on a dressing gown and ran downstairs. The men, all of them members of the auxiliary police, already had reached the landing. They had smashed the window and cut the door chain. They rushed into Arthur's room with revolvers pointed and placed him under arrest.

"When they took him away later I said to them, 'Where are you going to put him?' To this one of them replied. 'We are going to shoot or hang him, as he jolly well deserves.'

"Our seven-year-old child, who had been sleeping by our bed heard the remark, began to scream and became hysterical. As they drove off, however another man shouted back: 'We are taking him to the Bridewell.'"

Mrs. Griffith said her husband had been sleeping at home for the first time in a week. She recalled that this was the third time he had been arrested. The first was in the winter rising of 1916, when he was kept imprisoned for 8 months, and the second in 1918, in connection with the alleged pro-German conspiracy in Ireland, when he was held for 10 months.

"We had been expecting this arrest," continued Mrs. Griffith, "and really it is a relief. I think we will both sleep better tonight, in more peace than we have had for many months."

Mrs. Griffith said the raiders had remained two hours and systematically searched the entire house. "They tapped the walls, tore up carpets, took the piano top off, examined every book in the library and also every letter, and carried off an immense quantity of pamphlets, letters and books, even photograph albums and single photographs of our two children. Other framed pictures on the walls seemed to take their fancy, one of them saying 'They will do for our mess room.' Arthur was not roughly handled, but they threatened him any number of times."

JEWISH PEOPLE OBSERVE FEAST OF LIGHTS

On Sunday evening, December 5th an impressive minor holiday of the Jewish calendar, known as Chanukah will be ushered in. It will be observed for eight days by all Jewish people in a spirit of cheerfulness and good will. While no special service is held in the synagog for Chanukah, certain additional sections are incorporated in the ritual which are read at this time. These selections are keyed to the note of rejoicing or account of the triumph of right over might, the central theme of the Chanukah festival.

The Feast of Dedication, as Chanukah is called, commemorates the stirring events in Palestine from 168 to 165 B. C. E. In those fateful years, Antiochus Epiphanes, the King of Syria, wishing to unite all the provinces under his dominion into one nation, issued a decree that only the Greek religion was to be practiced throughout his empire. To enforce his royal mandate and suppress the religion of the Jews the sacred scrolls of the law were burned and the Temple at Jerusalem defiled by erection of altars for the worship of idols and the introduction of practices antagonistic to the moral sensibilities of the Jewish people.

WILL NOT BE SCRAPPED

Among the dispatches from Geneva published in Republican newspapers regarding the Assembly of the League of Nations we find two statements which are of timely interest in view of the loose talk about scrapping the League and starting a new association of nations—a mere juggling of words to save the face of the Republican Senators who defeated the peace treaty. To a correspondent of The Chicago Tribune Lord Robert Cecil, who represents South Africa and who is one of the most sagacious of English statesmen, said:

America must abandon the idea that the rest of the world is willing to scrap the present League and to join with her to organize a new one. It never will be possible to get together again these 42 nations for the formation of another League. Also there is no reason for such action since the present organization can be modified so that it can embrace all the amendments and reservations which the United States demands.

We would like to know the Republicans' idea regarding the League. Just what do they want? I am sure that there would be no difficulty in satisfying the American demands, and that by making certain changes the present League would be acceptable to the United States. But it is a waste of time for Americans to think that this League could be scrapped and all nations go to America to form a new League.

That is pretty conclusive as to the ideas held by responsible leaders on the possibility of forming a new and emasculated League, just to satisfy the campaign pledges of Senator Harding and his backers. As to the permanence of the League and the importance of its work we are told by the correspondent of the New York Tribune:

There are many indications that some of the Governments which came to the conference very skeptical of the possibilities are not only impressed with what the gathering has already accomplished, but are beginning to feel that, despite their skepticism, the League will occupy an important place in future world organization.

There is an apparently general realization of the fact that this League meeting is furnishing an opportunity to exchange views on international questions of profound importance, although they are not all necessarily on the agenda of the Assembly. The gatherings of statesmen of first rank like this is without precedent, and important decisions are bound to be reached.

If there is any scrapping to be done Republican lies and misrepresentation will go first to the dump. The League is evidently here to stay, and unless America wishes to be an outcast among the nations it will have to take the place held open for it and which it should have taken over a year ago.

BUILDING MATERIALS

Certain-teed Products Corporation Uses Anticiated Declines in Market

Sweeping reductions in prices of roofing, paints, linoleums and related products have just been put into effect by the Certain-teed Products Corporation, makers of more than one-fourth of all prepared roofing, and the largest manufacturer of its kind in the world. The reductions in some cases amount to as much as 30 per cent.

Lower costs than those now prevailing have been anticipated and the new prices are based accordingly, reductions on many items being more than present costs warrant, according to a statement accompanying the price cuts.

Calculation of new prices on the lowest anticipated replacement values of the materials that go into the manufacture of these products has been made to enable consumers and dealers everywhere to safely purchase their needs, it is explained.

"The channels of business have been clogged by an unwillingness on the part of some manufacturers, jobbers and dealers to take a loss on materials which they have on hand and give the consumers the benefit of present values," the statement reads.

"The inauguration of a price policy of ignoring former costs will have the effect of stabilizing business conditions, it is contended by the Certain-teed Products Corporation.

"The public now has an opportunity to get bargain prices on the various products marketed by the Certain-teed Products Corporation," the statement reads. "If it develops that costs do not reach the low points anticipated it will necessitate an advance in prices later on."

Similar announcements are expected on many other lines, as business generally is recognizing that there is a big demand for merchandise throughout the country, there is plenty of money in th ehands of the people and business is waiting only for prices to reach a level that will justify the confidence of the buying public, according to the statement.

DR. EDWIN L. MORGAN DIES AT AGE OF 66

Washington, D. C., Nov. 26.—Dr. Edwin Lee Morgan, prominent physician, and a resident of the West End for thirty years, died Tuesday in his apartment, at the Plaza, Washington circle. Some months ago he suffered an attack of ileurisy, which resulted in heart complications and his death. He was 66 years old.

Dr. Morgan was a member of the family of famous doctors of that name, and his mother, was Mrs. Evelina Lee Morgan, of Alexandria, a daughter of Colonel Richard Bland Lee.

Dr. Morgan was a graduate of Virginia Military Institute, and of the Medical College of Virginia, and was a member of La Fayette Lodge, No. 19, F. A. A. M., of this city. In his early days after graduation Dr. Morgan pioneered to Washington territory and served two terms as United States physician in the Colville Indian agency. He was also coroner for many years in Stevens county, Washington territory.

Returning to Washington in the early nineties, he took up practice as physician of the poor and became physician in charge of St. Ann's Orphan and Infant Asylum. He was consulting physician at the time of his death. Dr. Morgan was a member of the American Medical Association, Medical Association, D. C.; chairman of the Medical Society, one of the incorporators of the Library Association, D. C.; president of the District Medical Surgical Society and of the Therapeutic Society, a member of the Anthropological Society of the District of Columbia and a notable contributor to literature on medical history.

Dr. Morgan married the elder daughter of Commodore Nick Henry Van Zandt, U. S. N., whose family came to Washington with President Adams in 1800. Recently they celebrated the twenty-seventh anniversary of their wedding. All of these years have been passed at Washington circle and Dr. Morgan, until his illness began three weeks ago, was prominent in the work of the West End Citizens' Association and in the movement to win a restoration of the right of suffrage for the citizens of the District of Columbia.

The funeral service was in charge of La Fayette Lodge, No. 19, and the Episcopal service was conducted by Rev. Dr. Robert Talbot of St. Paul's Parish, of which Dr. and Mrs. Morgan are members. The services were held in the Morgan home apartment 105, the Plaza, today, at 2 p. m. After cremation the ashes will be interred in the grave of Dr. Morgan's mother, in Congressional cemetery.

Dr. Morgan was the uncle of Mrs. J. Herbert Taylor, of 618 North Washington street, Alexandria, Va.

N. D. BANKS STILL CLOSING

Two More Shut Doors, Bringing Fortnight Total to 15

Fargo, N. Dak., Nov. 27.—Two more North Dakota banks closed their doors yesterday as a result of depleted reserves, bringing to fifteen the number of financial institutions that have shut down for similar reasons in the past two weeks. Those closed today were the Farmers and Merchants Bank at Sherwood and the Farmers State Bank at Rhame.

The closing of State banks at this time is owing to withdrawals exceeding collections to a point where the reserves have become depleted, according to O. E. Loftus, State bank examiner.

"The primary cause is the sudden drop in prices of grain and stock to a point where is sold now there will be a severe loss to the producer, and he refuses to sell," he said.

THUGS GET $51,000 HAUL

Second Similar Crime in Greater New York Nets $1,200

New York, Nov. 27.—Three armed thugs early yesterday blackjacked the night watchman of a motor taxicab service on East Sixty-fourth street and, after binding and blindfolding him, blew the office safe and made their escape with $51,000 in cash and promissory notes.

In Brooklyn James Blynn, night watchman of a towel supply company, was similarly attacked by four armed men, who knocked him unconscious with a crowbar, forced open a heavy iron safe and escaped with $1,200.

Price of March Wheat Down to $1.47 in Chicago.

Chicago, Nov. 27.—Values in the wheat market shrank yesterday to below $1.50 a bushel. It was the first time since peace conditions had been restored that the $1.50 level was passed.

Before the momentum of rushes to sell wheat today met with any decided check, the market collapsed to $1.47 for March delivery, a fall of 8 cents a bushel, as compared with Wednesday's finish. An unusual absence of buying power was apparent, but really European interests were reported as making purchases of cash wheat for transatlantic shipment. New reasons given for down turns in the wheat market, aside from world economic causes, were the numerous agricultural bank failures in North Dakota and weakness in foreign exchange, together with a fresh break in the price of cotton.

CLEVELAND CLEANING UP

Drive Against Crime Shows Dry Law Is Almost Openly Violated

Cleveland, Nov. 27.—Mayor W. S. Fitzgerald's recent order to Chief of Police Frank W. Smith to clean up the city of all whisky selling, vice and gambling of all kinds, has brought many thousands of dollars of revenue to the city and Federal Government from the several hundred arrests of all kinds of law violators. Thirty-four liquor law violators faced Municipal Judge Silberts yesterday and were given fines averaging $200.

Several violators of the prohibition law have been fined $500 each and given workhouse sentences. Bills of complaint to declare at least 25 Cleveland "near beer" saloons public nuisances are being prepared in the Federal District Attorney's office, and action will be brought before Federal Judge Westenhaver, who will be asked to order abatement of the places under the Volstead act. Several thousand dollars in fines were assessed by Judge Westenhaver against violators of the Federal prohibition laws today and 28 automobiles, seized while transporting liquor, were ordered confiscated and sold. When Federal Court opened yesterday 108 liquor cases were up for trial.

Want More Doctors

Make Country Life More Attractive And do More Preventive Work Examiners Advise

Richmond, Va., Nov. 27.—In five counties of Virginia there are three thousand or more people to each doctor. This is a situation that is causing alarm; and the Governor of Virginia, to whose attention the subject was called by the State Health Commissioner, requested the Board of Medical Examiners to investigate and make recommendations.

Richmond and Norfolk are well supplied with physicians in the former city there is one doctor to every 450 people; in the latter, one doctor to every 575; but these cities are medical centers where many out of town people come for treatment, so the disproportion is not so real as apparent. Some of the counties are exceedingly well supplied. In twelve of these divisions there are doctors in ratio to population from one to 733 up to one to 1,000, and it is not difficult for a doctor to serve a thousand patients, that is a thousand prospective patients.

The medical examiners, reporting through Dr. P. Gill L. Moncure, chairman of a special committee of investigation, do not suggest any lowering of the standard of education to qualify for practice. They make, however, two very practical suggestions—one to induce more doctors to settle in rural districts and the other to intensify interest in preventive medicine.

The report says, along these lines: "In order to induce young men to locate in the country, we must make country practice more attractive. We can do this by the improvement of roads, the building up of a good telephone service throughout the rural districts, the establishment of good schools and high schools. Efficient health officers in the counties, vaccination and other preventive methods will lessen the need of so many doctors in the country."

PRICES STABILIZING, SAYS RESERVE BOARD

Stabilization of prices is beginning, according to the bulletin of the Federal Reserve Board issued yesterday.

"The problem of complete financial readjustment," said the board, "now centers around the placing of goods and accumulated stocks upon a banking basis corresponding to the new level of prices which has been established. It may be expected that as older accumulations are disposed of and new goods at the revised price levels take their place, a more normal situation will gradually develop."

Calling attention to the decline in prices of building materials, the board stated that this "should tend to stimulate the resumption of building operations on a larger scale; thus far, however, the actual issue of building permits has not shown the effect of this influence."

The board gave figures showing increased production of petroleum, coal, pig iron and cotton.

MARTIAL LAW ASKED TO END MINE DISORDER

Charleston, W. Va., Nov. 27.—Gov. John C. Cornwell last night requested President Wilson to proclaim martial law in Mingo county, scene of the struggle between the United Mine Workers and mine operators

The request of Governor Cornwell for Federal troops for the strike zone was granted and last night a battalion of soldiers was en route from Camp Sherman, Chilicothe, Ohio.

Federal troops were only recently withdrawn from the Williamson field. Upon their removal lawlessness was again resumed and several men have been killed during this week, including one State constabularyman.

GIRL WORKS 164-HOUR WEEK

But Only Until State Labor Inspector Found it Out

Connellsville, Pa., Nov. 27.—Working as a clerk in a 5 and 10 cent store during the day and as a Tristate Telephone Company operator at Brownsville at night, Miss Mary Moravee stood at the head of the industrious girls of western Pennsylvania until State Inspector James S. Darr, of Connellsville, was notified. Then the management of the telephone company was fined $25 and costs before a Brownsville justice when it was proved that the girl had been worked 63 1-2 hours a week in the telephone office, and on Labor day was on duty 24 hours continuously.

Miss Moravee, 17 years old, had four and a half hours of the 24 to get rest and sleep. She went on duty at the store at 9 a. m. and quit at 6 p. m. At 9.30 she reported at the telephone office, where she remained until 8 in the morning. When the phone calls became less frequent during the after part of the night the girl, it is said, usually got some sleep.

Now that Mary is working only 54 hours a week instead of 136 1-2 she scarcely knows what to do with all her time.

Office Boy and $4,300 Disappear Together

Philadelphia, Nov. 27.—A 15-year old office boy disappeared with pay envelopes containing $4,300 yesterday from the Baldwin Locomotive Works.

The lad is Elliott Miceuer, and a desire to see his father, said to be dying in Spokane, Wash., is believed by detectives to have induced him to leave the city hurriedly. The boy's mother started across the country Sunday night in an effort to reach her husband before he died and the lad is believed to be following.

The lad was assisting in distributing pay envelopes before he disappeared.

A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment.

If you suffer from backache; headache or dizzy pell; if you ret poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Alexandria residents desire more convincing proof of their effectiveness than the statement of an Alexandria citizen who has used them and willingly testifies to their worth.

Mrs. R. J. Ayers, 319 South Columbus St., says: "I have found Doan's Kidney Pills a valuable remedy. I have used them at different times when my back has been weak and lame and they have always given me good relief in a short time. Doan's seem to hit the right spot and I always recommend them to my friends."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ayers had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

JEWS ASK LOAN OF $12,000,000

Buffalo, N. Y., Nov. 27.—A proposition for raising a loan of $12,000,000 to start immediate activities for the reclaiming of Palestine as the Jewish homeland was voted unanimously by the delegates to the twenty-third annual convention of the Zionist organization of American-born today.

Work of raising the loan and extending it was left to a committee Judge Julian W. Mack, chairman of the convention, said the loan would be used to develop railroad, telephone and telegraph systems and to erect government buildings in Palestine.

Judge Mack said the British foreign affairs office has shown keen interest in the loan proposed and will closely watch the convention action on it. He declared the plans for raising the loan will be completed by the time the league of nations mandate is granted making Palestine a nation. The loan will be the first thing before the Jews of the world following the mandate, he said.

Another proposal introduced by the national executive committee for the development of public utilities was adopted.

The convention also adopted a proposal for the outlining of the immediate activities in rebuilding Palestine. The activities were listed as follows in the proposal: The Palestine government loan; development of water power, irrigation and drainage increase in the capital stock of the Jewish Colonial Trust and Anglo-Palestine Company, after reorganization; establishment of a land mortgage bank; the key industries of Palestine, house building and co-operative production and consuming enterprises.

SEA GULL WANDERS FAR

Washington Biological Survey Bird Killed by Hunter in Alberta

Edmonto, Alta., Nov. 27.—A hunter's inability to distinguish between a seagull and a duck today brought to light additional knowledge of the migratory propensities of an individual of the former species. The unusual wanderlust of this bird, inadvertently killed by a constable of the Alberta provincial police, who thought it was a duck, was revealed by a small aluminum tag around its leg, which read:

"Notify Biological Survey, Washington, D. C., No. 5558."

WILLIAM AND MARY COLLEGE

Williamsburg, Va., Nov. 27.—The class in Foreign Commerce, under the direction of Professor Ralph L. Bower, is undertaking a number of trips throughout this part of the State as an integral part of the course.

The first trip was made to Norfolk where an inspection of the port and harbor was made by launch furnished by the Shipping Board through the Chamber of Commerce. Stops were made at the coal wharves, municipal terminal and storage yards.

The second trip was made to Richmond where a special study was made of the city's industrial and commercial resources. Visits were made to a number of plants in the itinerary arranged by the Chamber of Commerce and special emphasis was given to manufacturing for the export trade.

These trips are but a single feature of the commerce work at William and Mary including practice work and visits for the classes in foreign commerce, South American markets, geography of commerce and so forth. An extended study is also made of the industrial and commercial resources of Virginia as a basis for the study of other topics.

Among the members of this class is Chester J. Pierce, of Alexandria.

Eight-Foot Barriers
Begun In Streets to Protect Lloyd George

London, Nov. 27.—The erection of barriers 8 feet high, which will exclude the public from Downing street and adjacent Charles street, was begun last night, with instructions that the work should be continued until it is completed. Both streets lead from Whitehall to a group of government departmental offices including the foreign office and the Indian office, and also the official residences of Premier Lloyd George and Andrew Bonar Law, the government leader in the house of commons. The barriers are to be of a substantial character, foundations having been dug to receive them.
